October 2016

42nd Annual Northeastern Storm Conference
10-12 March 2017 | Saratoga Springs, New York | www.lyndonams.org

Greetings!

The Lyndon State College Chapter of the American Meteorological Society and National Weather Association invites you to attend the **42nd Annual Northeastern Storm Conference (NESC)**. The conference will be held **Friday, March 10 through Sunday, March 12, 2017** at the **Holiday Inn in Saratoga Springs, New York**. We have been working hard to organize this meeting, and hope you'll join us at one of the largest, longest-running student-run conferences in the nation.

I am happy to announce the following individuals as our keynote speakers for the 42nd NESC. Our Friday Night "Ice Breaker" Speaker will be **Eric Fisher**, Chief Meteorologist at WBZ-TV in Boston, MA and former Weather Channel on-air meteorologist. Our Saturday evening Banquet Speaker will be **Tom Bedard**, a Graduate Solutions Analyst at Risk Management Solutions (RMS) and FEMA Training Instructor. Finally, **Mike Wolfbarger**, VP for Mobile Development at Weather Decision Technologies and Lead RadarScope Developer, will help close out the conference as our Sunday morning speaker.

If you are interested in presenting a paper or poster at this conference, the abstract submission period will be from December 5, 2016 to February 3, 2017. An official call for papers will be sent out in December. **Conference registration will open on January 5, 2017**, and will occur online.

There are several ways to stay up-to-date on NESC happenings. Our website will be continually updated throughout the fall: <http://www.lyndonams.org/>. You can also find us on Facebook by liking "Northeastern Storm Conference." We will be sure to keep you up-to-date on the exciting plans we are putting together for this long-held tradition. If you have any questions, feel free to contact me at the information below.

Sincerely,

A handwritten signature in cursive script that reads "Benjamin Frechette".
